Tübingen, 30.04.2024

### **Declaration on the implementation of Directive 2011/65 (RoHS 2) and 2015/863 (RoHS 3) and Regulation EC 1907/2006 (REACH)**

We hereby confirm that all articles from the Spectral Analysis & Photonics product range (optical filters & beam splitters, mounts, light sources, image splitters, quality monitoring, etc.) fully comply with the currently valid RoHS2 (2011/65/EU) and RoHS3 (2015-863) directives without exception and that these articles do not contain any of the “substances of very high concern” mentioned in the REACH SVHC list as of June 14, 2023 in quantities of more than 0.1 percent by weight.

A handwritten signature in black ink, appearing to read 'J. Braunwarth', with a long horizontal line extending to the right.

Dr. Andreas Braunwarth
